

90031: DuoGen-2 & DuoGen-3 long drive shaft assembly

Part Code	Description	Quantity
10541	Carbon fibre rod 15mm x 1.25m	1
10544	Drive dog 15mm	1
10271	Groove pin, 5x20, DIN 1473, nickel stainless	1
10077	Screw, M6x35, hex head, A4	1
10078	Nut, M6, nyloc, A4 DIN 985	1
10256	Reducer	1
10276	GRP square tube, 25x25x3mm, 1.395m length	1
10543	Top Tube 15mm	1
10556	Conical connector 15mm	1
90226	DuoGen shaft connector bolt assembly	1
90120	Drop-nose pin assembly	1
90103	Coupler assembly	1

The different DuoGen sizes (short, long & extra long) vary in the length of the grey, square section. The circular, black (carbon fibre) section telescopes inside the square section. Older models of DuoGen-2 utilised a white GRP instead of carbon fibre. All replacement shafts are now carbon fibre.

90030 DuoGen-3 short drive shaft assembly, substitute part 10275 for part 10276

90032 DuoGen-3 extra long drive shaft assembly, substitute part 10277 for part 10276

For the white drive shaft substitute part 10557, (conical connector 16 mm) for part 10556
